

⚠️ Flash Flood Hate Montserrado County

🕒 **Urgency:** Immediate

⚠️ **Severity:** Moderate

🎯 **Certainty:** Observed

Issued:

Wed 24 Sep 2025
10:18

Effective:

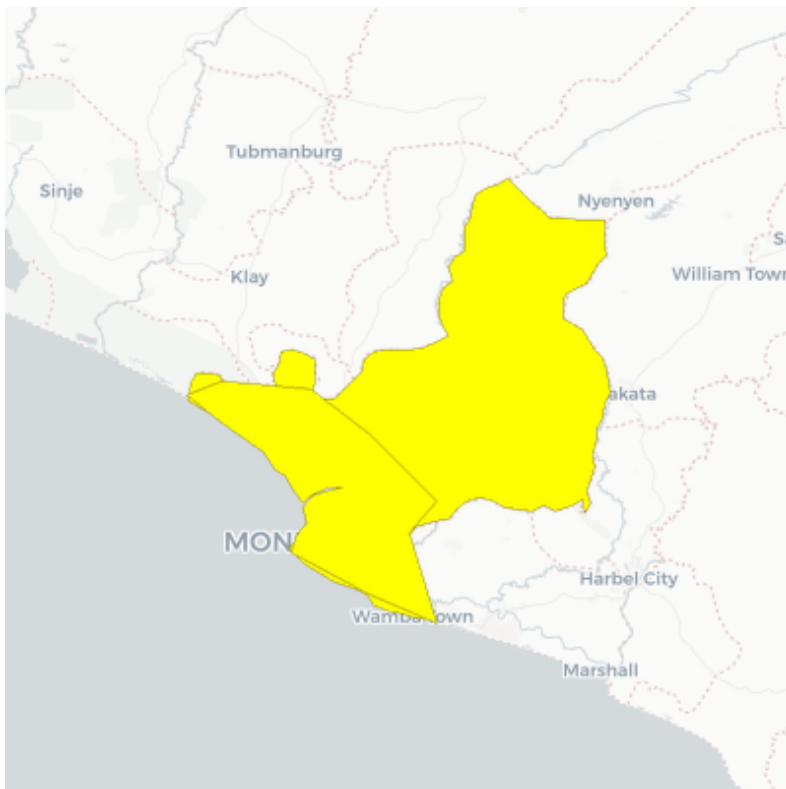

Wed 24 Sep 2025
09:00

Onset:

Wed 24 Sep 2025
06:00

Expires:

Wed 24 Sep 2025
18:00

Area:

Montserrado, Greater Monrovia and its environs

Description:

Continuous heavy downpours of rain since 3:00 AM have caused flash flooding across parts of Montserrado County. Low-lying areas, drainage channels, and informal settlements are experiencing significant water accumulation. Reports indicate localized property damage and road disruptions, making some areas difficult to access.

Instruction:

Avoid walking or driving through floodwaters. Relocate to higher ground if you live in low-lying or flood-prone areas. Stay tuned to official weather updates and emergency instructions from the Liberia Meteorological Service, NDMA, and local authorities. Ensure safe storage of food, clean water, and essential supplies.
